SmartDrawer

Introducing SmartDrawer® with the exciting, new SupplyController®, the brains that control the SmartDrawer. With Pick-to-Light, to make product selection easy and SecureBin™ technology, delivering secure lid locking management for every compartment.

SmartDrawer is a flexible, drawer-based storage system designed to dispense single items (or multiple items of a single SKU) and can be a stand-alone unit or combined with other SupplyPro® devices for a tailored dispensing solution. SmartDrawer technology is extremely versatile and configurable.

Universal Badge Reader

Universal Control Module

SMARTDRAWER DELIVERS

Easy Access, Installation & Serviceability

- Unique plug and receptacle ports avoid connection errors during installation
- Better access to electronic components for easy service
- Replace individual components rather than replace a complete controller module
- Use the larger, industrial, touch screen or select items directly using the integrated take and return buttons
- Pick-to-Light LED technology lights up to indicate product access and then blinks to direct user to the location of the product

Improved Accountability

- Individual lid control according to usage requirements, such as whether the item is returnable or not, loan periods for check-in/check-out, automated lock-down, employee access, etc.
- Full usage audit trails — see item, who used it and where it was used

Outstanding Value

- High-capacity storage in a small footprint
- No repackaging of products
- SecureBin technology provides lid locking management for every compartment

FEATURES

- Same density and compatibility as previous SmartDrawer versions
- Larger, 17-inch, high resolution, industrial touchscreen monitor
- Universal Control Module contained in top 3" locked drawer
- Universal Badge Readers available with mounting flexibility
- Single or multiple item dispensing
- Reconfigurable
- 24/7 secured access
- Easy to add-on auxiliary units
- Optimized for rapid refill — makes restocking and administration simple and fast
- Pick-to-Light functionality on all drawer and Bin locations
- Includes a variety of storage sizes with transparent lids
- Drawer-based manual override in the event of a power outage

SUPPLYCONTROLLER

Redesigned controller includes:

- Industrial touchscreen monitor
- Universal badge reader
- Universal control module electronics

LED lights indicate access. Location buttons make it simple to select products

APPLICATIONS

Abrasives • Adhesives • Security Items
Calibrated Instruments and Tools • Fasteners
Personal Protective Equipment (PPE) • Sealants
Welding Supplies • Maintenance Supplies (MRO)
Safety Equipment and Supplies • And many more!

SmartDrawer is ideal for managing consumable and returnable materials

SPECIFICATIONS

Choose the number of drawers, drawer depths and the lid configuration that meets your needs. Design your own cabinet for maximum flexibility. Drawer depths available: 3", 4", 5", 6", 8", 10" and 12".

Dimensions are lid openings

2 LID
20.8" H x 10.83" W

4 LID
9.50" H x 10.83" W
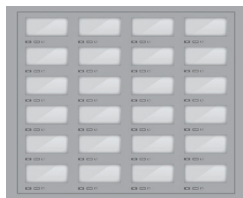

8 LID
9.50" H x 4.96" W

12 LID
2.21" H x 10.8" W

16 LID
4.02" H x 4.96" W

24 LID
2.21" H x 4.96" W

**24 LONG LID***
1.12" H x 7.48" W x 1.01" D

36 LID*
24: 1.12" H x 3.65" W x 1.01" D
12: 1.12" H x 7.48" W x 1.01" D

48 LID*
1.12" H x 3.65" W x 1.01" D

128 COMPARTMENTS
Single box dispenser (SBD)
0.88" H x 2.36" W x 4.48" D

* Due to the "U" shape design of these covers, the usable space is .78" x 1.01"

ENHANCEMENTS

• SupplyScale® high accuracy weight-based dispensing

• Single Box Dispenser (SBD) high density storage

• Skid pad top

• Fork lift base

• Movable casters
