# INVENTORY CONTROL FOR THE NOT SO BIG GUYS

---

UStockit enables qualified distributors to offer inventory control solutions to their customers that could not previously justify the capital expense of a system. Qualification is easy, only requiring a few minutes time.

---

# GOODBYE OWNERSHIP, HELLO USERSHIP

---

UStockit's subscription model means you focus on your business; we'll manage the inventory.

---

## LOW COST

No big check to write for equipment and software — one low monthly fee.

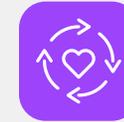

## LOW RISK

No complex technology to set up and maintain. When the subscription ends so does your responsibility.

## WIN BUSINESS

Get an edge on your competition. Increase your value proposition and deliver a leading-edge customer experience.

## LIFECYCLE SUPPORT

You're covered for the life of the subscription, with expert support from experienced professionals.

# MEET THE FAMILY

UStockit's full line of inventory control products include the most popular SupplyPro systems in addition to exciting new products focused on emerging distributor requirements.
